

Fun at the Fair

Name _____

Date _____

Mrs. Hoffmann brings her 6 children to the fair. She buys a big box of 45 mini-donuts for the children to share equally. How many mini-donuts will each child get?

Answer the question using pictures, words, tables, graphs, and/or symbols.

The children are ready to go on the fair rides! Mrs. Hoffmann buys a bag of 45 ride tokens for the children to share equally. If each ride costs one token, how many rides can each child enjoy?

Answer the question using pictures, words, tables, graphs, and/or symbols.
